FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION CORE CONTRACT

THIS CONTRACT is entered into between the Florida Department of Business and Professional Regulation, hereinafter referred to as the "Department" and Florida Engineers Management Corporation, hereinafter referred to as the "FEMC". The Department and FEMC agree as follows:

1. Purpose. The Department is engaging the FEMC for the purpose of provision of administrative, investigative, and prosecutorial services to the Florida Board of Professional Engineers ("FBPE") in accordance with the provisions of Chapters 455 and 471, Florida Statutes, as further described in Attachment I hereto. The FEMC shall perform all tasks and provide units of deliverables, including reports, findings, and drafts, as specified in this contract. These deliverables must be received and accepted by the Department's contract manager in writing prior to payment, subject to subsequent audit and review and to the satisfaction of the Department.

2. Effective and Ending Dates. Original contract effective date, July 2, 2013. This amended and restated contract shall begin on June 8, 2016, or on the date on which the contract has been signed by the last party required to sign it, whichever is later. It shall end at midnight, Eastern Standard Time, on June 30, 2017.

3. Extension. Subsection 287.087(12), F.S., provides that contracts for commodities or contractual services may be extended in writing for a period not to exceed six (6) months from the contract end date and is subject to the same terms and conditions set forth in the initial contract and any written amendments signed by both parties. There may be only one extension of the contract unless the failure to meet the criteria set forth in the contract for completion of the contract is due to events beyond the control of the FEMC.

4. Payment for Services. The Department shall pay for contracted services according to the terms and conditions of this contract in an amount not to exceed $2,170,875.00 annually and $8,683,500.00 for the contract period, subject to the availability of funds and satisfactory performance of all terms by the FEMC. The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature. Any costs or services paid for under any other contract or from any other source are not eligible for payment under this contract.

5. Contract Document. The FEMC shall provide services in accordance with the terms and conditions specified in this contract including its Attachments 1 through 11 and any exhibits referenced in said attachments, together with any documents incorporated by reference, which contain all the terms and conditions agreed upon by the parties. The PUR 1000 Form (10/06 version) is hereby incorporated into and made a part of this contract by reference. Sections 1.d., 2-4, 6, 8-15, 17, 19, 20-25, 27-29, 31, and 35 of the PUR 1000 Form are not applicable to this contract. In the event of any conflict between the PUR 1000 Form and any other terms or conditions of this contract, such other terms or conditions shall take precedence over the PUR 1000 Form.

6. Compliance with Statutes, Rules and Regulations. In performing its obligations under this contract, the FEMC shall without exception be aware of any compliance with State and Federal laws, rules and regulations relating to its performance under this contract, including but not limited to those described in Section 34 of this contract.

7. Inspections and Corrective Action. The FEMC shall permit all persons who are duly authorized by the Department to inspect and copy any records, papers, documents, facilities, goods and services of the FEMC which are relevant to this contract, and to interview any clients, employees and subcontractor employees of the FEMC to assure the Department of the satisfactory performance of the terms and conditions of this contract. Following such review, the Department will deliver to the FEMC a written report of its findings, and may direct the development, by the FEMC, of a corrective action plan where appropriate. The FEMC hereby agrees to timely correct all deficiencies identified in the corrective action plan. This provision will not limit the Department's termination rights under Section 30.

8. Independent Contractor, Subcontracting and Assignments.
   a. In performing its obligations under this contract, the FEMC shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida, except where the Contractor is a state agency. Neither the FEMC nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this contract, unless specifically authorized in writing to do so. This contract does not create any right in any individual to state retirement, leave benefits or any other benefits of state employees as a result of performing the duties or obligations of this contract. For the purpose of this section, a subcontractor is defined as an individual or company assigned contractual service responsibilities required of the primary contractor by this contract. The assignment of such responsibilities shall be in accordance with Section 8c below.

   b. The FEMC shall take such actions as may be necessary to ensure that it and each subcontractor of the FEMC will be deemed to be an independent contractor and will not be considered or permitted to be an officer, employee, or agent of the State of Florida. The Department will not furnish services of support (e.g., office space, office supplies, telephone service, secretarial or clerical support) to the FEMC, or its subcontractor or assignee, unless specifically agreed to by the Department in this contract. All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds and all necessary insurance for the FEMC, the FEMC's officers, employees, agents, subcontractors, or assignees shall be the sole responsibility of the FEMC.

   c. The FEMC shall not assign the responsibility for this contract to another party without prior written approval of the Department. Upon the Department's sole determination that such assignment will not adversely affect the public interest; however, in no event may the FEMC assign or enter into any transaction having the effect of assigning or transferring any right to receive payment under this contract which right is not conditioned on full and faithful performance of the FEMC's duties hereunder. Any sublicense, assignment, or transfer otherwise occurring without prior approval of the Department shall be null and void. The FEMC shall not subcontract for any of the work contemplated under this contract without prior written approval of the Department, which shall not be unreasonably withheld.
d. The State of Florida shall at all times be entitled to assign or transfer, in whole or part, its rights, duties, or obligations under this contract to another governmental agency in the State of Florida or to a contractor of the Department's selection, upon giving prior written notice to the FEMC. In the event the State of Florida approves transfer of the FEMC's obligations, the FEMC remains responsible for all work performed and all expenses incurred in connection with this contract. This contract shall remain binding upon the lawful successors in interest of the FEMC and the Department.

e. To the extent permitted by Florida Law, and in compliance with Section 8.c., the FEMC is responsible for all work performed and for all commodities produced pursuant to this contract which are not actually furnished by the FEMC or by its subcontractors. Any such undelivered materials shall be evidenced by a written document. The FEMC further agrees that the Department shall not be liable to the subcontractor in any way or for any reason relating to this contract.

f. The FEMC shall include, in all subcontracts (at any tier) the substance of all clauses contained in this Core Contract that mention or describe subcontract compliance.

g. To the extent that a subcontract provides for payment after FEMC's receipt of payment from the Department, the FEMC shall make payments to any subcontractor within seven (7) working days after receipt of full or partial payments from the Department in accordance with section 297.0585, F.S., unless otherwise stated in the contract between the FEMC and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the FEMC and paid by the FEMC to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

9. Provider Liability and Indemnity. The FEMC shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and the Department, and their agents, officers, and employees, from suits, actions, damages, claims and costs of every name and description, including attorneys' fees:

a. Arising out of or by reason of the execution of this contract or arising from or relating to any alleged act or omission by the FEMC, its agents, employees, partners, or subcontractors in relation to this contract provided; however, that this indemnity shall not include that portion of any loss or damages proximately caused by the negligent act or omission of the Department. This indemnity specifically precludes compensation of the FEMC for any obligations of any kind to any person, paid or unpaid, incurred as a result of a culpable act or omission of the FEMC; its agents, employees or subcontractors.

b. Arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right associated with a service or product of the FEMC, provided; however, that the foregoing obligation shall not apply to Department's misuse or modification of FEMC's products or a Department's operation or use of FEMC's products in a manner not contemplated by this contract. If any product is the subject of an infringement suit or claim or in the FEMC's opinion is likely to become the subject of such a suit or claim, the FEMC may at its sole expense procure for the Department the right to continue using the product or to modify it to become non-infringing. If the FEMC is not reasonably able to modify or otherwise secure the Department the right to continue using the product, the FEMC shall, without limiting the Department's remedies at law for breach or nonperformance, remove the product and provide a fully-licensed replacement to the Department's satisfaction. The Department shall not be liable for any royalties. The FEMC's indemnification for violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right shall encompass all such items used or accessed by the FEMC, its officers, agents or subcontractors in the performance of this contract or delivered to the Department for the use of the Department, its employees, agents or contractors.

c. Arising or relating to FEMC's claim that a record contains trade secret information that is exempt from disclosure or the scope of the FEMC's redaction of the record, as provided for under Section 29.c., including litigation initiated by the Department.

The FEMC's inability to evaluate liability or its evaluation of liability shall not excuse its duty to defend and indemnify after receipt of notice. Only an adjudication or judgment after the highest appeal is exhausted finding the Department negligent shall excuse the FEMC of performance under this provision, in which case the Department shall have no obligation to reimburse the FEMC for the cost of its defense. If the Department is a governmental agency or subdivision of the State, its obligation to indemnify, defend and hold harmless the Department shall be to the extent permitted by section 768.28, F.S. or other applicable law, and without waiving the limits of sovereign immunity.

10. Insurance. The FEMC shall maintain continuous adequate liability insurance coverage during the existence of this contract and any renewal(s) and extension(s) thereof. With the exception of a state agency or subdivision as defined by subsection 768.28(2), F.S., by execution of this contract, the FEMC accepts full responsibility for identifying and determining the type(s) and extent of liability insurance necessary to provide reasonable financial protections for the FEMC and the clients to be served under this contract. The limits of coverage under each policy maintained by the FEMC do not limit the FEMC's liability and obligations under this contract. Upon the execution of this contract, the FEMC shall furnish the Department written verification supporting both the determination and existence of such insurance coverage. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida. The Department reserves the right to require additional insurance as specified in this contract.

11. Notice of Legal Actions. The FEMC shall notify the Department of legal actions taken against them or potential actions such as lawsuits, related to services provided through this contract or that may impact the FEMC's ability to deliver the contractual services, or adversely impact the Department. The Department's contract manager will be notified within 10 days of the FEMC becoming aware of such actions or from the day of the legal filing, whichever comes first.

12. Force Majeure. Neither Party shall be liable to the other for any delay or failure to perform under this contract if such delay or failure is neither the fault nor the negligence of the Party or its employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Party's control, or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available. The Department, in its sole discretion, will determine if the delay is excusable under this paragraph and will notify the FEMC of its decision in writing. No claim for damages, other than for an extension of time, shall be asserted against the Department. The FEMC shall not be entitled to an increase in the contract price or payment of any kind from the Department for direct, indirect, consequential, impact, or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist, the FEMC shall perform at no increased cost, unless the Department determines, in its sole discretion, that
the delay will significantly impair the value of this contract to the Department or the State, in which case, the Department may do any or all of the following: (1) accept allocated performance or deliveries from the FEMC, provided that the FEMC grants preferential treatment to the Department with respect to products or services subject to allocation; (2) purchase from other sources (without recourse to and by the FEMC for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deduced from this contract quantity; or (3) terminate this contract in whole or in part.

13. Intellectual Property. It is agreed that all intellectual property, inventions, written or electronically created materials, including manuals, presentations, films, or other copyrightable materials, arising in relation to FEMC’s performance under this contract, and the performance of all of its officers, agents and subcontractors in relation to this contract, are works for hire for the benefit of the Department, fully compensated for by the contract amount, and that neither the FEMC nor any of its officers, agents nor subcontractors may claim any interest in any intellectual property rights accruing under or in connection with the performance of this contract. It is specifically agreed that the Department shall have exclusive rights to all data processing software falling within the terms of section 119.084, F.S., which arises or is developed in the course of or as a result of work or services performed under this contract, or in any way connected herewith.

a. If the FEMC uses or delivers to the Department for its use or the use of its employees, agents or contractors, any device, or materials covered by letters, patent, or copyright, it is mutually agreed and understood that, except as to those items specifically listed in the Special Provisions of Attachment 1 as having specific limitations, the compensation paid pursuant to this contract includes all royalties or costs arising from the use of such design, device, or materials in any way involved in the work contemplated by this contract. For purposes of this provision, the term “use” shall include use by the FEMC during the term of this contract and use by the Department its employees, agents or contractors during the term of this contract and perpetually thereafter.

b. All applicable subcontracts shall include a provision that the Federal awarding agency reserves all patent rights with respect to any discovery or invention that arises or is developed in the course of or under the subcontract. Notwithstanding the foregoing provision, if one of the FEMC’s subcontractors is a university and a member of the State University System of Florida, then section 1004.23, F.S., shall apply, but the Department shall retain a perpetual, nonexclusive license for its use and the use of its contractors of any resulting patented, copyrighted or trademarked work products.

14. Real Property. Any state funds provided for the purchase of or improvements to real property are contingent upon the Provider granting to the State a security interest in the property at least to the amount of the state funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law. As a condition of receipt of state funding for this purpose, the Provider agrees that, if it disposes of the property before the Department’s interest is vacated, the Provider will refund the proportionate share of the State’s initial investment, as adjusted by depreciation.

15. Publicity. Without limitation, the FEMC and its employees, agents, and representatives will not, without prior Departmental written consent in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State’s mark, the name of the State or any State affiliate or any officer or employee of the State, or represent, directly or indirectly, that any product or service provided by the FEMC has been approved or endorsed by the State, or refer to the existence of this contract in press releases, advertising or materials distributed to the FEMC’s prospective customers.

16. Sponsorship. As required by section 286.25, F.S., if the FEMC is a non-governmental organization which sponsors a program financed wholly or in part by state funds, including any funds obtained through this contract, it shall, in publicizing, advertising, or describing the sponsorship of the program state: “Sponsored by FEMC and the State of Florida, Department of Business and Professional Regulation.” If the sponsorship reference is in written material, the words “State of Florida, Department of Business and Professional Regulation” shall appear in at least the same size letters or type as the name of the organization.

17. Employee Gifts. The FEMC agrees that it will not offer to give or give any gift to any Department employee. As part of the consideration for this contract, the parties intend that this provision will survive this contract for a period of two (2) years. In addition to any other remedies available to the Department, any violation of this provision will result in referral of the FEMC’s name and description of the violation of this term to the Department of Management Services for the potential inclusion of the FEMC’s name on the suspended vendors list for an appropriate period. The FEMC will ensure that its subcontractors, if any, comply with these provisions.

If the FEMC fails to do so, all rights to payment are forfeited and the Department will not honor any requests submitted after the aforesaid time period. Any payment due under the terms of this contract may be withheld until all reports due from the FEMC and necessary adjustments thereto, have been approved by the Department.

21. Electronic Funds Transfer. The FEMC agrees to enroll in Electronic Funds Transfer (EFT) offered by the State’s Chief Financial Officer within thirty (30) days of the date of execution of this contract. Copies of the State of Florida Direct Deposit Payment Authorization Form (DFS-A1-26E) can be found on the vendor instruction page at:
http://www.fldfs.com/aadri/direct_deposit_web/Vendors.htm

22. Vendors on Scrutinized Companies Lists. If this contract is in the amount of $1 million or more, in executing this contract, the FEMC certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to section 215.473, F.S.

   a. Pursuant to subsection 287.135(5), F.S., the Department may immediately terminate this contract for cause if the FEMC is found to have submitted a false certification or if the FEMC is placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria during the term of this contract.

   b. If the Department determines that the FEMC has submitted a false certification, the Department will provide written notice to the FEMC. Unless the FEMC demonstrates in writing, within 90 days of receipt of the notice, that the Department’s determination of false certification was made in error, the Department shall bring a civil action against the FEMC. If the Department’s determination is upheld, a civil penalty equal to the greater of $2 million or twice the amount of this contract shall be imposed on the FEMC, and the FEMC shall be ineligible to bid on any contract with an agency or local governmental entity for three (3) years from the date of the Department’s determination of false certification by the FEMC.

   c. If in the event that federal law ceases to authorize the states to adopt and enforce the contracting prohibition identified herein, this provision shall be null and void.

23. Overpayments. The FEMC shall return to the Department any overpayments due to unearned funds or funds disallowed that were disbursed to the FEMC by the Department and any interest attributable to such funds pursuant to the terms and conditions of this contract. In the event that the FEMC or its independent auditor discovers that an overpayment has been made, the FEMC shall repay said overpayment immediately without prior notification from the Department. In the event that the Department first discovers an overpayment has been made, the Department’s contract manager, on behalf of the Department, will notify the FEMC by letter of such findings. Should repayment not be made forthwith, the FEMC will be charged interest at the lawful rate of interest on the outstanding balance after Department notification or FEMC discovery. Payments made for services subsequently determined by the Department to not be in full compliance with contract requirements shall be deemed overpayments. The Department shall have the right to offset or deduct from any amount due under this contract at any time any amount due to the Department from the FEMC under any other contract or agreement.

24. Payment on Invoices. Pursuant to section 215.422, F.S., the Department has five (5) working days to inspect and approve goods and services, unless the bid specifications, purchase order, or this contract specify otherwise. With the exception of payments to health care providers for hospital, medical, or other health care services, if payment is not available within forty (40) days, measured from the latter of the date a properly completed invoice is received by the Department or the goods or services are received, inspected, and approved, a separate interest penalty set by the Chief Financial Officer pursuant to section 55.03, F.S., will be due and payable in addition to the invoice amount. Financial penalties will be calculated at the daily interest rate of 0.03333%. Invoices returned to a FEMC due to preparation errors will result in a non-interest bearing payment delay. Interest penalties less than one (1) dollar will not be paid unless the FEMC requests payment. Payment shall be made only upon written acceptance by the Department and shall remain subject to subsequent audit or review to confirm contract compliance.

25. MyFloridaMarketPlace Transaction Fee.

   a. The State of Florida has instituted MyFloridaMarketPlace, a statewide eProcurement System (System).    b. For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the FEMC. If automatic deduction is not possible, the FEMC shall pay the Transaction Fee pursuant to Rule 60A-1.031(2), F.A.C. By submission of these reports and corresponding payments, the FEMC certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee.

   c. The FEMC shall receive a credit for any Transaction Fee paid by the FEMC for the purchase of any item(s) if such item(s) are returned to the FEMC through no fault, act, or omission of the FEMC. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the FEMC’s failure to perform or comply with specifications or requirements of this contract.
d. Failure to comply with these requirements shall constitute grounds for declaring the FEMC in default and recovering
reprocurement costs from the FEMC in addition to all outstanding fees. CONTRACTORS DELINQUENT IN PAYING
TRANSACTION FEES SHALL BE EXCLUDED FROM CONDUCTING FUTURE BUSINESS WITH THE STATE.

26. Vendor Ombudsman. A Vendor Ombudsman has been established within the Department of Financial Services. The duties of
this office are found in section 215.422, F.S., which include disseminating information relative to prompt payment and assisting vendors in
receiving their payments in a timely manner from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

27. Records, Retention, Audits, Inspections and Investigations.

a. Pursuant to s. 20.055(5), F.S., every state officer, employee, agency, special district, board, commission, contractor, and
subcontractor shall cooperate with the Inspector General's office in any investigation, audit, inspection, review, or hearing pursuant
to this section.

b. The FEMC shall establish and maintain books, records and documents (including electronic storage media) sufficient to
reflect all income and expenditures of funds provided by the Department under this contract.

c. Retention of all client records, financial records, supporting documents, statistical records, and any other documents
(including electronic storage media) pertinent to this contract shall be maintained by the FEMC during the term of this contract and
retained for a period of five (5) years after completion of the contract or longer when required by law. In the event an audit is
required under this contract, records shall be retained for a minimum period of five (5) years after the audit report is issued or until
resolution of any audit findings or litigation based on the terms of this contract, at no additional cost to the Department.

d. Upon demand, at no additional cost to the Department, the FEMC shall facilitate the duplication and transfer of any records or
documents during the required retention period in Section 27.c.

e. These records shall be made available at all reasonable times for inspection, review, copying, or audit by Federal, State, or
other personnel duly authorized by the Department.

f. At all reasonable times for as long as records are maintained, persons duly authorized by the Department and State auditors
shall be allowed full access to and the right to examine any of the FEMC's contracts and related records and documents,
regardless of the form in which kept.

g. No record may be withheld nor may the FEMC attempt to limit the scope of any of the foregoing inspections, reviews,

1) In compliance with laws, rules and regulations applicable to expenditures of State funds including, but not

2) Reasonable; and

3) Necessary in order for the recipient or subrecipient to fulfill its obligations under this contract.

[The aforementioned documentation is subject to review by the Department and/or the State Chief Financial Officer and
the provider will timely comply with any requests for documentation.]

ii. Financial Report. The FEMC shall submit an annual financial report stating, by line item, all expenditures made as
a direct result of services provided through the funding of this contract to the Department within 45 days of the end of

28. **Public Records.** The FEMC shall allow public access to all documents, papers, letters, or other public records as defined in subsection 119.011(12), F.S. as prescribed by subsection 119.07(1) and section 119.0701, F.S., made or received by the FEMC in conjunction with this contract except that public records which are made confidential by law must be protected from disclosure. It is expressly understood that the FEMC's failure to comply with this provision shall constitute an immediate breach of contract. FEMC's claim of dispute regarding such breach shall be addressed by the FEMC and Department in accordance with Section 31, Dispute Resolution.

a. Unless exempted by law, all public records are subject to public inspection and copying under Florida's Public Records Law, Chapter 119, F.S. Any claim by the FEMC of trade secret (proprietary) confidentiality for any information contained in the FEMC's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted in connection with this contract will be waived, unless the claimed confidential information is submitted in accordance with Section 28.b.

b. The FEMC must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the FEMC shall include information correlating the nature of the claims to the particular protected information.

c. The Department, when required to comply with a public records request including documents submitted by the FEMC, may require the FEMC to expeditiously submit redacted copies of documents marked as trade secret in accordance with Section 28.b. Accompanying the submission shall be an updated version of the justification under Section 28.b, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the FEMC fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

d. The FEMC shall be responsible for defending its claim that each and every portion of the redactions of trade secret information are exempt from inspection and copying under Florida's Public Records Law.

e. Subsection 215.985(16), F.S., requires the State's Chief Financial Officer to provide public access to a State contract management system. As a result the Department of Financial Services (DFS) developed a web-based system called the "Florida Accountability Contract Tracking System" (FACTS) that provides information and documentation about State government contracts to the public. A copy of this contract and any amendments, renewals, and extensions thereof will be posted in FACTS. The FEMC shall notify the Department in writing if it intends to defend the confidentiality of such public records through the completion of Attachment 3, "Affidavit – Notice of Trade Secret", to be submitted to the Department at the time of signature of this contract by the FEMC. If not filed within such time, the FEMC is deemed to have released the Department from liability for disclosure of the applicable public records.

f. The FEMC shall comply with the following requirements of section 119.0701, F.S.:

i. Keep and maintain public records that ordinarily and necessarily would be required by the Department in order to perform the service.

ii. Provide the public with access to public records on the same terms and conditions that the Department would provide the records and at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

iv. Meet all requirements for retaining public records and transfer, at no cost, to the Department all public records in possession of the FEMC upon termination of this contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Department in a format that is compatible with the information technology systems of the Department.

If the FEMC does not comply with a public records request, the Department shall enforce the contract provisions in accordance with the contract.

a. In the event funds for payment pursuant to this contract become unavailable, the Department may terminate this contract upon no less than twenty-four (24) hour notice in writing to the FEMC. Said notice shall be sent by U.S. Postal Service or any expedited delivery service that provides verification of delivery. The Department shall be the final authority as to the availability and adequacy of funds. In the event of termination of this contract, the FEMC will be compensated for any work satisfactorily completed.

b. In the event the FEMC fails to fully comply with the terms and conditions of this contract, the Department may terminate this contract upon no less than twenty-four (24) hours (excluding Saturday, Sunday, and Holidays) notice in writing to the FEMC after FEMC's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 65A-1.008(3), F.A.C., but is not required to do so in order to terminate this contract. The Department's failure to demand performance of any provision of this contract shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this contract shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this contract. The provisions herein do not limit the Department's right to remedies at law or in equity.

c. Failure to have performed any contractual obligations under any other contract with the Department in a manner satisfactory to the Department will be a sufficient cause for termination. To be terminated as a Contractor under this provision, the FEMC must have: (1) previously failed to satisfactorily perform in a contract with the Department, been notified by the Department of the
unsatisfactory performance, and failed to correct the unsatisfactory performance to the satisfaction of the Department; or (2) had a contract terminated by the Department for cause. Termination shall be upon no less than twenty-four (24) hour notice in writing to the FEMC.

31. Dispute Resolution. Any dispute concerning performance of this contract or payment hereunder shall be decided by the Department's contract manager, who shall reduce the decision to writing and provide a copy to the FEMC. The decision shall be final and conclusive unless within twenty-one (21) calendar days from the date of receipt of the contract manager's decision, the FEMC delivers to the contract manager a petition for alternative dispute resolution. After receipt of a petition for alternative dispute resolution by the Department and the FEMC shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the FEMC concerning this contract. After timely delivery of a petition for alternative dispute resolution, the parties may employ any dispute resolution procedures described in the Attachment I or other attachment, or mutually agree to an alternative binding or nonbinding dispute resolution process, the terms of which shall be reduced to writing and executed by both parties. Completion of such agreed process shall be deemed to satisfy the requirement for completion of the negotiation process. This provision shall not limit the parties' rights of termination under Section 30.

32. Other Terms

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Department staff, limited scope audits as defined by OMB Circular A-133, as revised, or other procedures. By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department staff to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the State’s Chief Financial Officer or the Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.

In the event the recipient expends $500,000 or more in Federal awards in its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. EXHIBIT 1 to this agreement indicates Federal resources awarded through the Department by this agreement. In determining the Federal awards expended in its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.

In connection with the audit requirements addressed in Part 1, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

If the recipient expends less than $500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the recipient expends less than $500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources.

(NOTE: If applicable, Department program office should address other miscellaneous matters affecting Part I audits, such as Web sites where information that would help facilitate the recipient's compliance can be obtained.)
PART II: STATE REQUIREMENTS

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $500,000 in any fiscal year of such recipient, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this agreement indicates state financial assistance awarded through the Department by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.

In connection with the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

If the recipient expends less than $500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than $500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

(NOTE: The Department program office should address other miscellaneous matters affecting Part II audits, such as Web sites where information that would help facilitate the recipient's compliance can be obtained.)

In the event the recipient expends $500,000 or more in state financial assistance during its fiscal year, the recipient must have a State single or project-specific audit conducted in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than $500,000 in State financial assistance during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the state financial assistance expended during its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Business and Professional Regulation, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

In connection with the audit requirements addressed in the preceding paragraph, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida
Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 or 10.650, Rules of the Auditor General.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the department in effect during the audit period. ### 1.6.05 POLICY STATEMENT

This policy covers the process of sending to collection agencies dishonored and NSF payments that are 120 days or older, and fines or penalties that have been designated ready for collections by the division or board.

### 1.6.06 RESPONSIBILITIES

A. The BFA, Revenue Section, prepares account receivable for submission to the approved collection agencies.

B. The dishonored checks, EFT, credit card charge backs, and stale dated or non-payment money orders are processed by the BFA. When the Division of Treasury notifies the BFA of a returned item, a service fee will be assessed (s. 215.34, F.S.) and added to the amount due ($15 or 5 percent of the face amount of the check, draft, or order, whichever is greater, not to exceed $150).

C. BFA will send an initial NSF letter to the customer, then BFA will send a second NSF letter at 30 days past due. The BFA will submit a 90 day past due report (Excel) to the respective boards and divisions for requesting approval for submission to MSB. The boards and divisions will have three (3) weeks to return the Excel worksheet with the disposition of each account before sending to MSB. Accounts that should not be sent to MSB must be marked in the Excel worksheet, and accompanied with a comment explaining why the account should not be submitted. Account receivable that are 120 days old and returned to the BFA will be sent to MSB. This process is to be completed monthly for the NSF accounts that are 90 days old.

D. The BFA will prepare fines, penalties, and other account receivable that are to be submitted to collection agencies. Each month the Status 92 report for all boards and divisions will be retrieved from Bl Launch Pad in Excel format. The BFA will use the Status 92 report (Excel) to gather fine and penalty accounts ready for placement at collection agencies.
E. The BFA will use the Excel submission form provided by Department of Financial Services to submit fines, penalties, and other account receivable to MSB and/or UCB for collection. Account updates received from the boards, divisions and collection agencies will be recorded in the monthly account inventory.

F. Accounts submitted to MSB will remain with that collection agency for two (2) years. After accounts that have been placed at MSB become two years old, they will be moved to UCB where they will remain until the end of the contract period with UCB.

G. The BFA will send accounts to the Department of Financial Services for write off pursuant to Generally Accepted Accounting Principles.

Reference:
Section 216.301 (a) and (b), Florida Statutes, requires each state agency and the judicial branch to identify any incurred obligation which has not been disbursed as of June 30th. The amounts identified as incurred obligations must not exceed available appropriation balances by budget entity.

Any incurred amounts not disbursed by September 30th must be charged to the current fiscal year appropriation. If it is determined that there is not sufficient budget for any incurred items, payment will be made from the current fiscal year appropriation.

Incurred Obligations
Incurred obligations are items purchased and received by close of business on June 30th.

Incurred Obligation Process:
At the end of each fiscal year operational accounting entries for that year cease and a new fiscal year begins. Although the old fiscal year has ended, agencies may have legal obligations for which the prior fiscal year appropriation may be used.

Complete the incurred obligation spreadsheet entering the vendor name, contract (order) date, received date, original amount, amount paid as of June 30, certified forward amount (amount left to be paid), the paid date once the obligation has been paid and a brief description of the obligation. The invoice number can be entered in the description field if available. The "Date Goods/Services Received" will be the date goods or services are actually received and the "Original Contract Date" will be the date the purchase order or contract is issued. The contract date and received date must be prior to July 1st.

On or about October 1st the spreadsheet must be resubmitted to the Contract Manager with the date paid for each obligation.

Timelines:
- On or about July 16th incurred obligations to be processed as current fiscal year disbursements must be reported to the Contract Manager using a spreadsheet provided by the Department.
- Incurred Obligations expire September 30th each fiscal year.
- On or about October 1st a final spreadsheet will be submitted to the Contract Manager with all paid obligations noted in the "Date Paid" column.

Credit Card Payables:
Credit card payables must be accompanied by documentation demonstrating the payable was incurred (charged) and received prior to July 1st.

DEPARTMENT INFORMATION TECHNOLOGY RESOURCES AND DATA ACCESS SECURITY

The FEMC shall comply with Rule 71A-1.005, Florida Administrative Code (F.A.C.), and comply with the following data security requirements in the event the FEMC has access to any Department data systems or software:

a. **Data Security Officer:** The FEMC shall designate an appropriately skilled individual to function as its Data Security Officer. The Data Security Officer shall act as the liaison to the Department's Division of Technology and shall maintain an appropriate level of data security for the information the FEMC is collecting or using in the performance of this contract. An appropriate level of security includes submitting required access request documents for Department approval, and tracking all FEMC employees that have access to any Departmental data system or information. The Data Security Officer shall ensure that user access to the data system or information is timely removed for all separated FEMC employees. The FEMC agrees to notify the Department's assigned contract manager in writing within twenty-four (24) hours of employee resignations or layoffs, and immediately for involuntary terminations for staff that have access to the Department's information systems. As applicable, the FEMC shall execute a network connection agreement that shall ensure compliance with Department security policies prior to connection to the Department's internal network as required by Rule 71A-1.005, F.A.C.

b. **Security Policies and Attestation:** All FEMC employees who have access to Departmental information technology systems and/or Department data shall be required to read and comply with all appropriate Department information technology security policies and shall sign and submit to the Department's assigned contract manager an attestation that they have read, understood and agree to comply with each policy. Upon execution of this contract, the Department's assigned contract manager shall provide a copy of all appropriate Department information technology security policies to the FEMC.

c. **Technology Access:** The Department reserves the right, at its sole discretion, to grant permissions for access to Department network, systems, and data. Any staff employed by an entity under contract to the Department must be granted specific permission by the Department for access to the Department's network, systems, and data. The Department reserves the right to unilaterally suspend access for security reasons. FEMC employees shall be granted access to Department information technology resources based on the principles of "least privilege" and "need to know." The Department's assigned contract manager, in conjunction with the Department's Division of Technology, shall conduct quarterly access reviews of the FEMC's employees to ensure that access for separated employees was timely reported and removed.
d. **Employee Background Screening:** Background screening is required for all FEMC employees hired as Information Technology workers with access to information processing facilities, or who have system, database, developer, network, or other administrative capabilities for systems, applications, or servers with risk categorization of moderate or high. The FEMC agrees to conduct Level 2 background screening for such employees as described in s. 435.05, F.S., and Rule 71A-1.005, F.A.C., at the FEMC’s expense. For other FEMC employees who request access to Department data or information technology systems but do not fall into the above category, the FEMC agrees to conduct a Level 1 background screening as described in s. 110.1127 and s. 435.05, F.S., at the FEMC’s expense. For each FEMC employee, the FEMC shall sign and submit to the Department’s assigned contract manager an attestation, provided by the Department, that verifies the appropriate Level 1 or Level 2 background screening was completed and reviewed by the FEMC, that the screening has not revealed disqualifying information pursuant to ss. 435.03 (2) and (3), F.S., (for Level 1) or ss. 435.04 (2) and (3), F.S., (for level 2), or computer-related crimes pursuant to Chapter 815, F.S.; and that the FEMC assumes responsibility for the employee’s use of the Department’s data and information resources.

e. **Employee Security Training:** The FEMC shall provide information security awareness training to employees with access to Department information technology resources and data in accordance with Rule 71A-1.008, F.A.C. Initial training shall be provided within 30 days of contract execution or employment start date, and annually thereafter. Employees with access to records that are exempt or confidential and exempt from public records disclosure requirements shall be given specialized training regarding access and use of this information. All information security awareness training materials used by the FEMC shall be submitted to the Department’s assigned contract manager upon request. The FEMC shall maintain records of individuals who have completed initial and annual security awareness training and shall make these records available to the Department upon request.

f. **Data Protection:** Vendors, contractors, and providers employed by the Department or acting on behalf of the Department shall comply with the Department’s information technology security policies, and employ adequate security measures to protect agency information, applications, data, resources, and services. These measures include protecting technology resources through physical controls such as building security and strategic placement of computer monitors. If Department data will reside on the FEMC’s system, the Department may conduct, or request the FEMC conduct at the FEMC’s expense, an annual network penetration test or security audit of the FEMC’s system on which Department data resides. No Department data or information shall be stored in, processed in, or shipped to offshore locations or out of the United States of America, regardless of method, except as required by law or expressly agreed to by the Department.

g. **Data Encryption:** The FEMC shall make every effort to protect and avoid unauthorized release of any sensitive, exempt or confidential information by ensuring both data and storage devices are encrypted. If encryption of these devices is not possible, then the FEMC shall assure that unencrypted personal and confidential Departmental data will not be stored on unencrypted storage devices. Remote data access shall be provided via a trusted method such as SSL, TLS, SSH, VPN, IPSec or a comparable protocol approved by the Department.
h. **Sensitive, Exempt and Confidential Information:** Vendors, contractors, and providers employed by the Department or acting on behalf of the Department shall protect sensitive, exempt and confidential information from unauthorized access and use as required by the Department's information technology security policies. Such information includes, but is not limited to, personal information as described in ss. 501.171(g), F.S. Access to sensitive, exempt and confidential data shall be granted to the FEMC and subcontractors by the Department on a need to know basis. Except as required by law or legal process and after notice to the Department, the FEMC shall not divulge to third parties any sensitive, exempt or confidential information obtained by the FEMC or its agents, distributors, resellers, subcontractors, officers or employees in the course of performing contractual services.

i. **Investigation of Breaches:** The Department shall have the right to investigate any error attributable to the FEMC relating to access or dissemination of exempt or confidential and exempt records, as well as any instance of lost or missing data. The Department may take appropriate legal action as a result of such investigation.

j. **Security Breach Notification:** The FEMC agrees to notify the Department's assigned contract manager as soon as possible, but no later than 3 business days following the determination of any breach or potential breach of personal information and/or confidential departmental data. The FEMC shall provide notice to affected parties of a security breach in accordance with s. 501.171, F.S.

k. **Equipment Sanitization:** The FEMC shall enforce a procedure for sanitizing surplus or transferred equipment to protect any sensitive or confidential Department data that may reside on that equipment. At a minimum, the FEMC shall ensure that sanitization is completed according to acceptable methods described in Rule 71A-1.016, F.A.C., and provide documentation to the Department's Division of Technology, evidencing completion of the equipment sanitization.

I. **Contract Termination:** Upon contract termination or expiration, the FEMC will:

i. **Copies:** Submit to the Department's assigned contract manager copies of all finished or unfinished documents, data studies, correspondence, reports and other products prepared by or for the FEMC under this contract; submit copies of all Department data to the Department in a format to be designated by the Department in accordance with s. 119.0701, F.S.; shred or erase parts of any retained duplicates containing personal information (as defined by s. 501.171, F.S.) of all copies to make any personal information unreadable;

ii. **Originals:** Retain its original records such as data required by this contract and maintain (in confidence to the extent required by law) the FEMC's original records in un-redacted form, until the records retention schedule expires according to State of Florida General Records Schedule GS1-SL, and to reasonably protect such documents and data during any pending legal hold, investigation or audit;

iii. **Both copies and originals:** Upon expiration of all retention schedules and legal holds, audits or investigations, with notice to the Department, destroy all Department data from the FEMC's systems, including but not limited to, electronic data and documents containing personal information or other data that is confidential and exempt under Florida public records law.
