B1. Performance Standards
B1. Performance Standards

In order to facilitate efficient and cost effective regulation by the Florida Engineers Management Corporation ("FEMC"), the following performance standards and measurable outcomes are adopted:

(1) FEMC shall make a determination of legal sufficiency within 30 days of receipt of a complaint.

In the Third Quarter of Fiscal Year 2020 / 2021, 50 total new complaints were received of which 35 were complaints against licensees and 15 were complaints against unlicensed individuals or entities. Of the new licensed complaints, 30 were deemed legally sufficient, 2 were deemed legally insufficient (0 Closed as Entry Error), and 3 were undetermined at the end of the Third Quarter, as they were still within the 30 days of determination and were still in the initial review process. Of the new unlicensed complaints, 5 were deemed legally sufficient, 5 were deemed legally insufficient (0 closed as Entry Error), and 5 were undetermined at the end of the Third Quarter, due to being within the 30 days of determination and still in the initial review process.

(2) Within fifteen days of receiving a complaint that is determined to be legally sufficient, FEMC shall furnish to the subject or the subject’s attorney a copy of the complaint or document that resulted in the initiation of the investigation.

Of the 35 cases deemed legally sufficient, the subject (or subject’s attorney) was notified and furnished a copy of the complaint, or, in the case of some unlicensed cases, furnished with a Cease and Desist Order resulting in 100% compliance with the Rule.

(3) FEMC shall provide status reports to the Board regarding all outstanding disciplinary cases at every other regularly scheduled meeting of the Board. The status report shall include all legally sufficient disciplinary cases until entry of a final order by the Board. Upon entry of a final order, FEMC shall notify the licensee’s employer of the action taken by the Board.

Status reports were submitted to the Board at the February 2021 FBPE meeting.
As far as FEMC can reasonably ascertain the existence of an employer for Respondent, FEMC now has 100% compliance with that requirement.

(4) FEMC shall refer to the Board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to Chapter 120, Florida Statutes, or otherwise completed by FEMC within one year after the filing of a complaint.

Referenced in the previous quarterly report, at the end of the 2nd Quarter of the fiscal year 2020 –2021, 34 cases were identified as being more than one year old; and, of those 34 cases, 12 have been resolved. As a result of aging, there are 20 additional cases that reached year old status during the Third Quarter of Fiscal
B1. Performance Standards

Year 2020 / 2021 thus making a total of 42 cases which were more than one year old at the end of the Third Quarter for the 2020 / 2021 Fiscal Year.

(5) FEMC shall notify the person who filed the complaint of the status of the investigation every six months, including whether probable cause has been found, when the case is on the agenda for consideration by the Board, and the status of any administrative proceeding or appeal.

*FEMC is in 100% compliance with this section.*

(6) At least 90 days before the end of a licensure cycle, FEMC shall forward a licensure renewal notification to active or inactive licensees at the licensee’s last known address of record with FEMC.

*FEMC is in 100% compliance with this section.*

(7) At least 90 days before the end of a licensure cycle, FEMC shall forward a notice of pending cancellation of licensure to a delinquent status licensee at the licensee’s last known address of record with FEMC.

*FEMC is in 100% compliance with this section.*

(8) Upon receipt of an application for a license, FEMC shall examine the application and, within 30 days after such receipt, notify the applicant of any apparent errors or omissions and request any additional information FEMC is permitted by law to require.

(10) If an applicant seeks a license for an activity that is exempt from licensure, FEMC shall notify the applicant and return any tendered application fee within 30 days after receipt of the original application.

*FEMC is in 100% compliance with this section due to the fact that it has not received any application for an exempt activity.*
B1. Performance Standards

(11) FEMC shall maintain the Board’s web page and update the web page within 14 days of the date the updates go into effect. Administrative complaints shall be posted no later than 30 days after the recommendation by the probable cause panel. All active disciplinary cases shall be posted on the web page, including the final action taken by the Board until the terms of the final order are completed or until the licensee becomes inactive, retires, relinquishes the license or permits the license to become null and void.

FEMC is in 100% compliance with this section.
Section VII. Deliverables

B2. Priority Referrals Compliance
B2. Priority Referrals

During the third quarter of 2020-2021, there were four priority referrals. The first priority referral was a complaint from an engineer regarding a complaint the same engineer had previously filed. The second priority referral, received from the DBPR Inspector General’s office, was a complaint made against FEMC. The third priority referral was a complaint from an engineer regarding a continuing education course. The fourth priority referral was a request for information from the legislature.

FEMC responded to all priority referrals received.

Total Renewals to date: (from 7/1/20) 37,641 Professional Engineers

Applications:

Received: 1531
Approved: 453
Denied: 18

Licenses Issued: 30,778 PE

Average time (days) to Process Applications: 49

Candidates for January 2021 PE Regional Exam (paper/pencil) and 3rd Quarter Candidates for PE CBT Exams:

FEMC allows for direct exam registration with NCEES so applicants do not need to register with FEMC.

Principles and Practice:

Passed: 117
Failed: 94
No Show: 6

* Due to a 2019 statute change allowing for early examination, an applicant may register with NCEES without prior board-approval. Whether the applicant is pre-approved or registers directly with NCEES, FEMC has no way of knowing when the applicant schedules to take the exam. The applicant has 12 months to take the exam anywhere in the US. The applicant still must meet our licensure requirements for a license to be issued.

NCEES is in the process of transitioning all Principles and Practice (PE) Examinations to Computer-Based Testing (CBT). NCEES plans to have all PE exams converted to CBT by 2023. NCEES has contracted with a third-party vendor to administer the exam. Some exams will be offered year-round in the same manner as the Fundamental Examination. Some exams will be offered only one day a year.

Fundamentals of Engineering (CBT):

Passed: 339
Failed: 258
