B1. Performance Standards
B1. Performance Standards

In order to facilitate efficient and cost effective regulation by the Florida Engineers Management Corporation (“FEMC”), the following performance standards and measurable outcomes are adopted:

(1) FEMC shall make a determination of legal sufficiency within 30 days of receipt of a complaint.

   In the First Quarter of Fiscal Year 2021 / 2022, 56 total new complaints were received of which 45 were complaints against licensees and 11 were complaints against unlicensed individuals or entities. Of the new licensed complaints, 36 were deemed legally sufficient, 6 were deemed legally insufficient (0 Closed as Entry Error), and 3 were undetermined at the end of the First Quarter, as they were still within the 30 days of determination and were still in the initial review process. Of the new unlicensed complaints, 4 were deemed legally sufficient, 5 were deemed legally insufficient (1 closed as Entry Error), and 2 were undetermined at the end of the First Quarter, due to being within the 30 days of determination and still in the initial review process.

(2) Within fifteen days of receiving a complaint that is determined to be legally sufficient, FEMC shall furnish to the subject or the subject’s attorney a copy of the complaint or document that resulted in the initiation of the investigation.

   Of the 40 cases deemed legally sufficient, the subject (or subject’s attorney) was notified and furnished a copy of the complaint, or, in the case of some unlicensed cases, furnished with a Cease and Desist Order resulting in 100% compliance with the Rule.

(3) FEMC shall provide status reports to the Board regarding all outstanding disciplinary cases at every other regularly scheduled meeting of the Board. The status report shall include all legally sufficient disciplinary cases until entry of a final order by the Board. Upon entry of a final order, FEMC shall notify the licensee’s employer of the action taken by the Board.

   Status reports were submitted to the Board at the August 2021 FBPE meeting. As far as FEMC can reasonably ascertain the existence of an employer for Respondent, FEMC now has 100% compliance with that requirement.

(4) FEMC shall refer to the Board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to Chapter 120, Florida Statutes, or otherwise completed by FEMC within one year after the filing of a complaint.

   Referenced in the previous quarterly report, at the end of the 4th Quarter of the fiscal year 2020 –2021, 49 cases were identified as being more than one year old; and, of those 49 cases, 12 have been resolved. As a result of aging, there are 12 additional cases that reached year old status during the First Quarter of Fiscal
Year 2021 / 2022 thus making a total of 49 cases which were more than one year old at the end of the First Quarter for the 2021 / 2022 Fiscal Year.

(5) FEMC shall notify the person who filed the complaint of the status of the investigation every six months, including whether probable cause has been found, when the case is on the agenda for consideration by the Board, and the status of any administrative proceeding or appeal.

*FEMC is in 100% compliance with this section.*

(6) At least 90 days before the end of a licensure cycle, FEMC shall forward a licensure renewal notification to active or inactive licensees at the licensee’s last known address of record with FEMC.

*FEMC is in 100% compliance with this section.*

(7) At least 90 days before the end of a licensure cycle, FEMC shall forward a notice of pending cancellation of licensure to a delinquent status licensee at the licensee’s last known address of record with FEMC.

*FEMC is in 100% compliance with this section.*

(8) Upon receipt of an application for a license, FEMC shall examine the application and, within 30 days after such receipt, notify the applicant of any apparent errors or omissions and request any additional information FEMC is permitted by law to require.

(10) If an applicant seeks a license for an activity that is exempt from licensure, FEMC shall notify the applicant and return any tendered application fee within 30 days after receipt of the original application.

FEMC is in 100% compliance with this section due to the fact that it has not received any application for an exempt activity.
B1. Performance Standards

(11) FEMC shall maintain the Board’s web page and update the web page within 14 days of the date the updates go into effect. Administrative complaints shall be posted no later than 30 days after the recommendation by the probable cause panel. All active disciplinary cases shall be posted on the web page, including the final action taken by the Board until the terms of the final order are completed or until the licensee becomes inactive, retires, relinquishes the license or permits the license to become null and void.

FEMC is in 100% compliance with this section.
Section VII. Deliverables

B2. Priority Referrals Compliance
During the first quarter of 2021-2022, there were two priority referrals. The first priority referral was from the Governor’s office was about a report an engineer was providing and the status of the engineer’s license. The second priority referral was from the Department of Business and Professional Regulation, and it involved the possible unlicensed engineering activity.

FEMC responded to all priority referrals received.

B8. Long Range Estimates of Revenue

This is a report that is supplied by DBPR. As of submittal of this report, DBPR has not been able to provide the report to FEMC due to computer issues.
Section VII. Deliverables

B9. Quarterly Licensure, Examination, Complaint & Disciplinary Activity Report
B9. Quarterly Licensure, Examination, Complaint & Disciplinary Activity Report:

Total Renewals to date: (from 7/1/2021) 164 Professional Engineers

Applications:

Received: 1115
Approved: 889
Denied: 28

Licenses Issued: 755 PE

Average time (days) to Process Applications: 71.62

Candidates for October 2021 PE Exam (paper/pencil) and 1st Quarter Candidates for PE CBT Exams:
FEMC allows for direct exam registration with NCEES so applicants do not need to register with FEMC.
Principles and Practice (paper/pencil):
Registered with NCEES for Oct. 2021 991
PE Exam:

PE CBT Exams:
Passed: 82
Failed: 47

* Due to a 2019 statute change allowing for early examination, an applicant may register with NCEES without prior board-approval. Whether the applicant is pre-approved or registers directly with NCEES, FEMC has no way of knowing when the applicant schedules to take the exam. The applicant has 12 months to take the exam anywhere in the US. The applicant still must meet our licensure requirements for a license to be issued.

NCEES is in the process of transitioning all Principles and Practice (PE) Examinations to Computer-Based Testing (CBT). NCEES plans to have all PE exams converted to CBT by 2023. NCEES has contracted with a third-party vendor to administer the exam. Some exams will be offered year-round in the same manner as the Fundamental Examination. Some exams will be offered only one day a year.

Fundamentals of Engineering (CBT):
Passed: 367
Failed: 326

** In January 2014, NCEES moved to Computer Based Testing for the Fundamentals Examination. NCEES has contracted with a third party vendor to administer the exam. FEMC now approves the applicant but FEMC has no way of knowing when the applicant schedules to take the exam. The applicant has 12 months to take the exam anywhere in the US. All FEMC is made aware of is who passes and who fails the examination. These results may contain candidates who have not applied with FEMC and who have been approved for licensure. The exam windows are for only two months at a time with one month off (January and February were exam windows and March they were closed).
