B1. Performance Standards
B1. Performance Standards

In order to facilitate efficient and cost effective regulation by the Florida Engineers Management Corporation ("FEMC"), the following performance standards and measurable outcomes are adopted:

(1) FEMC shall make a determination of legal sufficiency within 30 days of receipt of a complaint.
   
   In the Fourth Quarter of Fiscal Year 2022 / 2023, 41 total new complaints were received of which 32 were complaints against licensees and 9 were complaints against unlicensed individuals or entities. Of the new licensed complaints, 9 were deemed legally sufficient, 5 were deemed legally insufficient (0 Closed as Entry Error), and 18 were undetermined at the end of the Fourth Quarter, as they were still within the 30 days of determination and were still in the initial review process. Of the new unlicensed complaints, 7 were deemed legally sufficient, 0 was deemed legally insufficient (0 closed as Entry Error), and 2 were undetermined at the end of the Fourth Quarter, due to being within the 30 days of determination and still in the initial review process.

(2) Within fifteen days of receiving a complaint that is determined to be legally sufficient, FEMC shall furnish to the subject or the subject’s attorney a copy of the complaint or document that resulted in the initiation of the investigation.
   
   Of the 16 cases deemed legally sufficient, the subject (or subject’s attorney) was notified and furnished a copy of the complaint, or, in the case of some unlicensed cases, furnished with a Cease and Desist Order resulting in 100% compliance with the Rule.

(3) FEMC shall provide status reports to the Board regarding all outstanding disciplinary cases at every other regularly scheduled meeting of the Board. The status report shall include all legally sufficient disciplinary cases until entry of a final order by the Board. Upon entry of a final order, FEMC shall notify the licensee’s employer of the action taken by the Board.
   
   Status reports were submitted to the Board at the June 2023 FBPE meeting. As far as FEMC can reasonably ascertain the existence of an employer for Respondent, FEMC now has 100% compliance with that requirement.

(4) FEMC shall refer to the Board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to Chapter 120, Florida Statutes, or otherwise completed by FEMC within one year after the filing of a complaint.
   
   Referenced in the previous quarterly report, at the end of the Third Quarter of the fiscal year 2022 – 2023, 68 cases were identified as being more than one year old; and, of those 68 cases, 16 have been resolved. As a result of aging, there are 7 additional cases that reached year old status during the Fourth Quarter of
Fiscal Year 2022 / 2023 thus making a total of 59 cases which were more than one year old at the end of the Fourth Quarter for the 2022 / 2023 Fiscal Year.

(5) FEMC shall notify the person who filed the complaint of the status of the investigation every six months, including whether probable cause has been found, when the case is on the agenda for consideration by the Board, and the status of any administrative proceeding or appeal.

*FEMC is in 100% compliance with this section.*

(6) At least 90 days before the end of a licensure cycle, FEMC shall forward a licensure renewal notification to active or inactive licensees at the licensee’s last known address of record with FEMC.

*FEMC is in 100% compliance with this section.*

(7) At least 90 days before the end of a licensure cycle, FEMC shall forward a notice of pending cancellation of licensure to a delinquent status licensee at the licensee’s last known address of record with FEMC.

*FEMC is in 100% compliance with this section.*

(8) Upon receipt of an application for a license, FEMC shall examine the application and, within 30 days after such receipt, notify the applicant of any apparent errors or omissions and request any additional information FEMC is permitted by law to require.

(10) If an applicant seeks a license for an activity that is exempt from licensure, FEMC shall notify the applicant and return any tendered application fee within 30 days after receipt of the original application.

FEMC is in 100% compliance with this section due to the fact that it has not received any application for an exempt activity.
B1. Performance Standards

(11) FEMC shall maintain the Board’s web page and update the web page within 14 days of the date the updates go into effect. Administrative complaints shall be posted no later than 30 days after the recommendation by the probable cause panel. All active disciplinary cases shall be posted on the web page, including the final action taken by the Board until the terms of the final order are completed or until the licensee becomes inactive, retires, relinquishes the license or permits the license to become null and void.

FEMC is in 100% compliance with this section.

Total Renewals to date: (from 7/1/22) 40,724 Professional Engineers

Applications:

Received: 1090
Approved: 874
Denied: 73

Licenses Issued: 6,013 PE

Average time (days) to Process Applications: 53

Candidates for PE CBT Exams (4/1/23 thru 6/30/23):

FEMC allows for direct exam registration with NCEES, so applicants do not need to register with FEMC.

* Due to a 2019 statute change allowing for early examination, an applicant may register with NCEES without prior board-approval. Whether the applicant is pre-approved or registers directly with NCEES, FEMC has no way of knowing when the applicant schedules to take the exam. The applicant has 12 months to take the exam anywhere in the US. The applicant still must meet our licensure requirements for a license to be issued.

NCEES is in the process of transitioning all Principles and Practice (PE) Examinations to Computer-Based Testing (CBT). NCEES has converted PE Exams to CBT by 2023 with the exception of the 16hour Structural Exam. NCEES has contracted with a third-party vendor to administer the exam. Some exams will be offered year-round in the same manner as the Fundamental Examination. Some exams will be offered only one day a year.

Fundamentals of Engineering (CBT):

** In January 2014, NCEES moved to Computer Based Testing for the Fundamentals Examination. NCEES has contracted with a third party vendor to administer the exam. FEMC now approves the applicant but FEMC has no way of knowing when the applicant schedules to take the exam. The applicant has 12 months to take the exam anywhere in the US. All FEMC is made aware of is who passes and who fails the examination. These results may contain candidates who have not applied with FEMC and who have been approved for licensure. The exam windows are for only two months at a time with one month off (January and February were exam windows and March they were closed).
