C. FBPE Mission and Scope

#1. FBPE’s Mission: To protect the health and safety of the public by properly regulating the practice of engineering within the State of Florida.
#2. FBPE’s Scope: To meet its statutory obligation and exercise its legislative authority by reviewing and approving engineering applications; managing, updating and enforcing the rules that govern the practice of engineering and to guard against the unlicensed practice of engineering within the State of Florida.

D. Approval of the Agenda

Disciplinary Hearings

Description of Disciplinary Process by Dylan Albergo, P.E.

E. Discussion

#1. Davenport, Bryon, P.E.

P.E. Number: 60824
FEMC Case Number: 2022034961
Probable Cause Panel Date: May 10, 2023
Probable Cause Panel: Matthews, Pistorino, & Fleming

Mr. Rimes outlined the facts of the case. The charges relate to a violation of Section 471.033(1)(a), F.S.: Violating ... any other provision of this chapter or rule of the board or department. Rule 61G15-19.001(6)(s), F.A.C.: Renewing or reactivating a license without completion of Continuing Education (CE) hours.

The complaint was presented to the Board’s Probable Cause Panel on May 10, 2023. At that meeting the Panel recommended the issuance of an Administrative Complaint which was subsequently served on Mr. Davenport. Mr. Davenport provided certificates of completion of his continuing education on July 5, 2023. The audit of those certificates revealed that while he completed more than the required 18 hours of CE, he did not provide a certificate for the required Florida Laws & Rules course and Ethics course. When no response was received, the FEMC Investigator sent Mr. Davenport a second request email. When it became apparent that no response would be received and because an Administrative Complaint had already been served, a Motion to Determine the Respondent has Forfeited Respondent’s Right to an Administrative Hearing was filed and was to be heard at the December Agenda of the FBPE Board Meeting. Mr. Davenport finally provided the missing certificate on October 19, 2023. After reviewing those certificates, Mr. Davenport has passed the audit.

Mr. Davenport addressed the board. Discussion followed.

Upon motion by Ms. Myers, seconded by Mr. Shah, to grant Petitioner’s Motion to withdraw the complaint and dismiss the case, motion passed unanimously.
F. Reconsideration of Petition for Waiver and Variance of Rule 61G15-20.002 and act on
Application for Licensure as Professional Engineer

#1. James Austin

Mr. Harris discussed the petition and the action that the board took at the October board
meeting. Mr. Harris stated that based on the proposed rule language, Mr. Austin asked that
his petition be reviewed again.

Mr. Austin and Ms. Raybon addressed the board. Discussion followed.

Upon motion by Mr. Pistorino, seconded by Ms. Ramsey, to approve the petition and the
application of Mr. Austin, the motion passed.

G. Review of Applications – Education and Experience will be done at one time and ratified at
the same time
   • PE Licensure Applications
   • SI Application
   • CE Provider Application
   • FRSE Applications

Ms. Sammons read the list of the applicants and the reasons for review for each application.
The Board proceeded through the list with discussion as appropriate to the decision.

Upon motion by Mr. Pistorino, seconded by Ms. Ramsey, that the list read by Ms. Sammons
and the lists of applications approved by staff are approved as the decisions of the board,
the motion passed.

Ms. Sammons stated that at the October board meeting the board denied an applicant due
to lacking hours in general education and the applicant had taken an CLEP exam called
“Information Systems” to satisfy a deficiency in general education. Ms. Sammons stated
the applicant is arguing that the course is a business course as it is listed under Business at
CLEP but when you look at the content of the course it is more like a computer course. Ms.
Sammons read the contents of the course for the board. The board decided that it did not
qualify as general education.
