STATEMENT OF UNDISPUTED MATERIAL FACTS

Petitioner, Florida Engineers Management Corporation (“FEMC”), on behalf of the Florida Board of Professional Engineers (“FBPE” or “Board”) and Respondent, Simons Latunde-Addey, P.E. (“Respondent”), hereby submit the following Statement of Undisputed Material Facts (“SUMF”). The undisputed material facts contained herein form the only factual basis upon which a determination of whether Respondent violated the provisions of Chapter 471, Florida Statutes, and Chapter 61G15, Florida Administrative Code (which were charged in the Administrative Complaint that was filed in this case on September 25, 2023) may be made by the Board. Notwithstanding the abovementioned limitations on the facts that may be discussed before the Board, Petitioner and Respondent will be permitted to offer information in addition to that set forth herein in the furtherance of mitigation or aggravation of any penalty which may be imposed by the Board. Petitioner and Respondent will also be permitted to proffer any legal argument to the Board that addresses the Board’s determination as to whether any violation of Chapter 471, Florida Statutes, and Chapter 61G15, Florida Administrative Code, has occurred.

The Parties hereby also agree that by entering into this Statement of Undisputed Material Facts they jointly waive any right to a formal hearing under the provisions of Section 455.225(5),

Florida Statutes, which provides in material part that "... if any party raises an issue of disputed fact during an informal hearing, the hearing shall be terminated and a formal hearing pursuant to chapter 120 shall be held."

The Undisputed Material Facts in this case are as follows:

1. FBPE is charged with regulating the practice of engineering pursuant to Chapter 455, Florida Statutes. The above-referenced Administrative Complaint was filed by the FEMC on behalf of FBPE. Pursuant to the provisions of the Rule, FEMC requested the Department of Business & Professional Regulation (DBPR) to provide a list containing a random number of licensees who had renewed their licenses. This information was received from DBPR on the same day.

4. Respondent renewed Respondent's Professional Engineer license on January 8, 2021 and attested that Respondent had completed the required Continuing Education necessary for renewal as required by Section 471.017(3)(a), Florida Statutes.

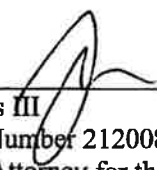

5. On October 25, 2021, Respondent was provided with a Memo advising Respondent that Respondent was selected to participate in the audit process. After several attempts to contact

Respondent were made and after this complaint was opened, Respondent responded on December 1, 2022. Upon review of the information provided by Respondent, it was clear that, when Respondent renewed the PE license on January 8, 2021, Respondent could not provide any evidence in the form of receipts, certificates or other direct evidence that Respondent had completed any CE hours, other than the Florida Laws & Rules Course which was taken on January 8, 2021, required for renewal as provided in Section 471.017(3), Florida Statutes.

6. Respondent has still not provided any independent evidence that Respondent had taken the remaining required 17 hours of CE during the 2019-2021 renewal period.
