ADMINISTRATIVE COMPLAINT

COMES NOW the Florida Engineers Management Corporation (FEMC) on behalf of Petitioner, Florida Board of Professional Engineers, hereinafter referred to as "Petitioner," and files this Administrative Complaint against CARLOS BLANCO, hereinafter referred to as "Respondent." This Administrative Complaint is issued pursuant to Sections 120.60 and 471.038, Florida Statutes. Any proceeding concerning this complaint shall be conducted pursuant to Section 120.57, Florida Statutes. In support of this complaint, Petitioner alleges the following:

1. Petitioner, Florida Board of Professional Engineers, is charged with regulating the practice of engineering pursuant to Chapter 455, Florida Statutes. This complaint is filed by the Florida Engineers Management Corporation (FEMC) on behalf of Petitioner. FEMC is charged with providing administrative, investigative, and prosecutorial services to the Florida Board of Professional Engineers pursuant to Section 471.038, Florida Statutes (1997).

2. Respondent's last known address is C Bee Permit Services, Inc., 14901 SW 283rd Street, 108, Homestead, Florida 33033. Respondent is not licensed as a professional engineer in Florida.

3. Respondent forged the signature and utilized the Professional Engineer seal of deceased engineer James D. Wells, Jr., PE #53816, on plans for a project located at 3400 NW 77 Court, Doral, Florida 33122.

4. Section 471.031(1)(a) & (b), Florida Statutes, provide in material part: “A person may not: (a) Practice engineering unless the person is licensed or exempt from licensure under this chapter...; (b) A person may not knowingly: “Use ... the name or title “professional engineer” or any other title, designation, words, letters, abbreviations, or device tending to indicate that such person holds an active license as an engineer when the person is not licensed under [Chapter 471],”

5. The practice of engineering is defined in Section 471.005(7), Florida Statutes, to include in material part:

“any service or creative work, the adequate performance of which requires engineering education, training, and experience in the application of special knowledge of the mathematical, physical, and engineering sciences to such services or creative work as consultation, investigation, evaluation, ... of engineering works and systems, ... any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, ..., insofar as they involve safeguarding life, health, or property; and includes such other professional services as may be necessary to the planning, progress, and completion of any engineering services. A person who practices any branch of engineering; ... who holds himself or herself out as able to perform, or does perform, any engineering service or work or any other service designated by the practitioner which is recognized as engineering shall be construed to practice or offer to practice engineering within the meaning and intent of [Chapter 471].

6. Section 455.228(1), Florida Statutes, provides in material part:

(1) When the [Department of Business and Professional Regulation] has probable cause to believe that any person not licensed by the department, or the appropriate regulatory board within the department, has violated any provision of this

chapter or any statute that relates to the practice of a profession regulated by the department, or any rule adopted pursuant thereto, ... the department may impose an administrative penalty not to exceed \$5,000 per incident pursuant to the provisions of chapter 120”

7. Section 471.038(5), Florida Statutes, provides in material part: “[n]otwithstanding ss. 455.228 and 455.2281, the duties and authority of the department to receive complaints and to investigate and deter the unlicensed practice of engineering are delegated to the [Board of Professional Engineers].” As a result, the Board is authorized to impose the administrative penalty described in Paragraph 6.

8. Section 471.033(1)(a), Florida Statutes, provides in material part: (1)The following acts constitute grounds for which the disciplinary actions in subsection (3) may be taken: (a) [v]iolating any provision of ...s. 471.031.” By offering and providing engineering services without holding a license as a Professional Engineer, and by publicly using titles that are reserved to persons holding a license as a Professional Engineer in commercial communications, Respondent violated the provisions of Section 471.031(1)(a).

9. By forging the signature and Professional Engineer seal of James D. Wells, Jr., PE, on the plans for a project located at 3400 NW 77 Court, Doral, Florida 33122, Respondent violated the provisions of Sections 471.031(1)(a) and 471.031(1)(c), Florida Statutes.

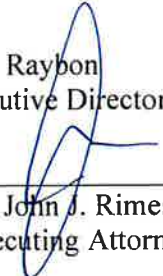

10. Based upon the foregoing, Respondent is charged with violating Section 471.033(1)(a) by violating Sections 471.031(1)(a) and 471.031(1)(c), Florida Statutes.

I hereby certify that a copy of the foregoing was furnished to Respondent Carlos Blanco, at C Bee Permit Services, Inc., 14901 SW 283rd Street, 1-8, Homestead, Florida 33033, by certified mail and First-Class U. S. Mail, on the 24th of September, 2025.

FLORIDA BOARD OF PROFESSIONAL
ENGINEERS,

Petitioner,

v.

FEMC Case No. 2024042489

CARLOS BLANCO

Respondent,

**MOTION TO DETERMINE THAT RESPONDENT HAS FORFEITED
RESPONDENT'S RIGHT TO AN ADMINISTRATIVE HEARING UNDER SECTIONS
120.569 AND 120.57(1), FLORIDA STATUTES, AND TO CONVENE PROCEEDINGS
UNDER SECTIONS 120.569 AND 120.57(2), FLORIDA STATUTES**

COMES NOW Petitioner, the Florida Engineers Management Corporation ("FEMC"), pursuant to Rule 28-106.204, Florida Administrative Code, and states:

1. On September 22, 2025, a copy of the Administrative Complaint was sent, by Certified Mail, to Respondent. The United States Postal Service was unable to advise whether the Certified Mailing was received by Respondent and the Certified Mail was returned to Petitioner as undeliverable.

2. Between November 04, 2025 thru December 03, 2025 for four consecutive weeks, Petitioner published a Notice of Action on the Department of Business and Professional Regulations Website (see copy of VoP document from DBPR attached hereto as Exhibit 1)

3. Respondent has failed to respond to the Administrative Complaint.

4. Therefore, in order to preserve its right to a hearing, Respondent must have filed a response to the Administrative Complaint by filling out the Election of Rights form or by filing a petition for an administrative hearing with Florida Engineers Management Corporation by December 01, 2025. Such an action is required in order for Respondent to preserve its right to a hearing on the charges contained in the Administrative Complaint. As set out in the Election of Rights form it is mandated that Respondent has "attached to this form a petition or written

statement in conformance with Rule 28-106.201, F. A. C. ..." in order to be afforded the right to an administrative hearing.

5. To date, no response of any kind has been received by the Board of Professional Engineers or by the Florida Engineers Management Corporation.

6. Since Respondent has not filed a request for an administrative hearing, Respondent has, therefore, waived any right to an administrative hearing. As a result, it is appropriate for the Board to conduct these proceedings under the provisions of Sections 120.569 and 120.57(2), Florida Statutes, and Rules 28-106.301-307, Fla. Admin. Code. Under such provisions, the material facts in the Administrative Complaint are deemed undisputed, and the Board will proceed to render its conclusions of law and impose such penalties upon Respondent as the Board determines are appropriate.

WHEREFORE, Petitioner respectfully moves this Board to determine that Respondent has forfeited Respondent's rights to an administrative hearing and to deem the material facts in the Administrative Complaint as undisputed; and, based thereupon, to render such conclusions of law and to impose such penalties upon Respondent as the Board determines are appropriate.

Respectfully submitted,
